DEPARTMENTS / AREAS OF ACTIVITY:

TRANSPORT WITH MOTORBOATS IN VENICE - HISTORICAL CENTER AND ISLANDS

Transport has alternative meaning in Venice: all goods have to be taken by boats!

The way to the historic city for all types of cargo is going through an unique door ("Tronchetto") where all goods have to be transferred from trucks onto boats than transported to it's final destination. Customer satisfaction and the protection of Venice can be reached only knowing the city and working with suitable means, specialized personnel and equipment (special packaging, crane, forklift, ...).

Our fleet sees from the smallest boats with range of 0-2 tonnes to the biggest ton boats (with crane) with range of 3-6 tonnes.

FORWARDING DIVISION - NATIONAL AND INTERNATIONAL DELIVERIES AND COLLECTIONS

Inland haulage. Transport Service with it's 50 years experience makes transport possible nation and worldwide, direct and bulk transports. We have in our position: trucks, vans, rigids, trucks with tail lift, midliners, lowliners, gritters, tippers. Our fleet has all the latest satellite tracking systems, alarms and they are fully insured.

Sea and Air freight. Transport Service has a long standing relationship with the main shipping and air-lines. The changement in rules and regulations from country to country require experience. Booking/chartering vessels, loading/stuffing containers, custom brokerage, direct correspondent are services provided by Transport Service!

HEAVY & OVERSIZE GOODS TRANSPORTS - SPECIALIZATION' AREA

When complexity become higher, experience needed become higher too (route analysis, sea ports choice, licenses, escorts and permits, ...). All possible options have to be carefully evaluated according to client' needs.

WAREHOUSING AND STORAGE FACILITIES - LOGISTICS AND PACKAGING SERVICES

Up to 25.000 square meters with up to 20 meters height. 15.000 out of 25.000 sqm are in the main Port area. Single lots dimensions starts from 500 to 3.500 mq. The Transport Service' warehouses offer the best solutions for every stage in the logistics process where storage facilities are the perfect compliment to distribution services needs.

MOVING SERVICES, FROM SMALL PRIVATE TO BIG CORPORATE - CRANES - MATERIAL HANDLING

Industrial Movings. Transport Service provides office and commercial moving solutions allowing you to maintain focus on your core business. We can help you plan for a successful outcome and execute your project with minimum of downtime and lost productivity.

Private Movings. Don't undervalue your own domestic removal: it moves your "own life". Transport Service, thanks to its long experience on high value removals, take care of your personal "high value" goods. We are ready to intervene and give you a move tailored to your budget.

Relocation overseas. Direct handling throughout the process from loading/stuffing containers, packaging, transport documents, customs services, temporary warehousing storing in secured areas.

Cranes and material handling. Transport Service safely handle everything from small machinery to the bigger loads, our handling service is also available in Venice (motorboats with cranes).
